To Whom It May Concern:

This letter is to express my support of Title 2 oversight of Internet Service Providers and to state that I oppose the repeal of net neutrality rules. Any proposed changes to these protections stand to harm small and medium-sized businesses, which are the life-blood of our economy. Additionally, the free flow of information is a cornerstone to our democracy. It would be un-American and unacceptable to sell out American citizens to the highest bidding corporations.

An assault on our economy and our freedoms is not the way forward for our country. I implore you to do the right thing.

Sincerely,  
Rowan Lynn
